## NO COMFORT FOR FLOOD VICTIMS

WATER COMES FROM NORTH IN INCREASING VOLUME.

River Now Within Two-tenths of Foot of What Is Termed Dead Line—Relief for Sufferers at Hickman—River Traffic Tied Up.

No sign of abatement of the flood that for days has dealt out threatened disaster all along the banks of the Mississippi. At St. Louis, Mo., the Mississippi City comforted yesterday the thousands of homeless sufferers waiting for the return of normal conditions to go home and find out what the water had left them. Instead the water came from the north in ever-increasing volume, along with predictions that more would follow. Last night saw the river within two-tenths of a foot of what the Memphis weather forecaster has termed the dead line—forty-four feet. In his opinion the levees will go when the pressure represented by that much water is reached. A stage of 45 feet, ten feet above the danger line, is predicted. Weak spots have developed, too, at Mound City, Ark., and at the Steel Port levee west of Hickman, Ky. All along the river the shifts of men engaged in reinforcing the sorely tested levees were urged to redouble their efforts while behind the dikes those who had not obeyed the warning and fled, gathered up their movable property and hastened to the hills. Numerous unconfirmed reports of breaks in levees, not deemed to withstand an unbroken flood increased anxiety the length of the danger zone.

The day, however, brought relief in the shape of provisions and tents to 2,500 refugees at Hickman, Ky., the number including the 2,000 driven from their homes in the factory district there and the 500 gathered in from the submerged area across the river.

Governor Harmon of Ohio today offered more tents for the Tennessee and Kentucky sufferers.

At Memphis where no less than a dozen first class river steamboats are tied up, the flooding of the whole of the low-lying north section, increased, has polluted the water supply. The health authorities have warned the residents of the closest section to hold their drinking water as a preventative measure. The death list reached ten today.

At Burksville, Ky., Miss Ada Alexander was drowned when a boat capsized in the overflowed section of Red river. A negro was drowned at New Madrid, Mo.

At Craig's Landing, Mo., seven employees of the Menzies Box company of Hickman, Ky., were placed for a time in a desperate predicament, having remained behind when thirty-nine others were taken away in boats. At length they were rescued.

One of the phases of the flood is the tying up of practically all traffic not only on the Mississippi, but the Ohio and other navigable tributaries of the Father of Waters. Usually a "big river" is the signal for an unusual amount of traffic. Especially is this true of the "coal boats" from Pittsburgh, which go down the Ohio whenever possible, to a rise. Now, however, hundreds of barges and coal boats are fast waiting until the Mississippi is open for towboats again. High water, too, on most of the streams keeps the larger steamboats tied up because they can't get under the bridges.

Several Reported Drowned. The casualty list resulting from the Mississippi river flood has been lengthened, according to reports brought to Charleston, Mo., by refugees from the inundated towns of Linds Mill and Wyatt. They say several persons have been drowned and many are perched upon house tops and in trees awaiting rescue.

There are no boats at Charleston to go to their assistance, but motor boats enroute from Poplar Bluffs and Morehouse would reach them tomorrow. All communication with the two villages has been cut off. The number drowned or in great danger could not be obtained from the refugees.

Flood Bulletin. Washington, April 4.—A bulletin issued to night by the weather bureau says:

"Special.—The flood situation is very serious. The river at Cairo is practically on a standstill and any additional rise cannot exceed more than a few tenths of a foot, but the river will continue at high stages for at least one week. Additional warnings have been issued for stages for 17 and 18 feet by Friday or Saturday at Quincy, Ill., and Hannibal, Mo., for from 50 to 52 feet at Cairo, Ky., and Portsmouth, Ohio, on Friday or Saturday, for 54 feet at Cincinnati on Saturday or Sunday.

Cairo Still Safe. Cairo, Ill., April 4.—The levees were standing firm tonight, with the river stationary at 53.9. This is one and seven-tenths feet above the previous record.

The levees which protect the city were raised and strengthened today, and every foot of the city's big levee system is being watched.

The city is safe, but an enormous loss has resulted from the flooding of the drainage district north of here: The Illinois Central annulled most of the trains due into Cairo tonight. The Big Four is continuing service out of the city only by the use of tugs connecting with trains at Mound City.

River Rapidly Rising. Lacrosse, Wis., April 4.—With a rise of nearly two feet recorded in

24 hours, the Mississippi river is rising rapidly here, and great volumes of water are rushing southward to the flood-stricken district of lower Illinois. All Mississippi tributaries are over banked in this locality and the river is rising at the rate of 2 inches an hour.

High Water at Kansas City. Kansas City, Mo., April 4.—One foot above flood stage within 18 hours is the prediction for the Missouri river at Kansas City, issued by the local weather forecaster to day.

Rising at Hannibal. Hannibal, Mo., April 4.—The Mississippi river continued to rise at this point to night, the gauge reading 15.5 feet, a rise of 1.2 foot in 24 hours. Present conditions indicate a stage of 17.5 feet Friday and of 18 feet or more Saturday.

Weak Spot in Levee. Halbert, Ark., April 4.—The levee here is dangerously near the breaking point. The weak spot is 200 yards long, and to night every available man is working to keep the water back. It was erroneously reported shortly before midnight that the levee had gone out.

Reached High Point. Williston, N. D., April 4.—The Missouri river reached, late to day, the highest point for 10 years in 24 hours, that several persons were drowned. Small buildings seen floating down the river.

## CRUSHED TO DEATH

Two Women and Baby Killed in Collision Between Street Car and Train.

Chicago, April 4.—A mother, with her baby clamped in her arms, and an 18-year-old sister were crushed to death to day when a Chicago & Alton railroad freight train crashed into a street car. Eighteen other persons were injured, some perhaps fatally.

The victims were Mrs. J. E. Brown, 25 years old, her two-month-old baby, and a sister, Mrs. Katherine O'Brien.

The car containing thirty passengers was in the middle of a grade crossing when the freight train crashed into it. It was overturned and demolished. The passengers were buried beneath the wreckage.

Police arrested the motorman and conductor of the street car, pending an investigation of the collision.

## WATER TRAFFIC

Convention Being Held at Peoria to Discuss Feasibility of Navigating Three Important Rivers.

Peoria, Ill., April 4.—Two hundred and fifty men, representing a water transportation convention, here tonight to discuss the feasibility of navigating the Mississippi, Missouri and Illinois rivers at their normal depths, in conjunction with the new Panama canal.

G. H. Moore of Kansas City, president of the association of commerce navigated the up-southern of the new Missouri river transportation company. J. J. Waite of Chicago told of Chicago efforts at municipal docks and warehouse in anticipation of river traffic, and Dean David Kinley of Champaign spoke on the possibility of South American trade for Mississippi valley cities.

Representing the newly created Illinois Rivers and Lakes commission, Secretary Randolph, of that commission stated that every step was taken, to force the removal of the fixed drawbridge across the Illinois river at LaSalle, and permit the navigation of the Illinois river as far north as Ottawa.

FIRE LOSSES. Boone, Ia., April 4.—Eastern Star Masonic lodge, an institution for aged members of Masonic and Eastern Star order of Iowa, burned today. The fire department was powerless because of lack of water. Sixteen inmates were rescued with difficulty, and were taken to a hospital. The loss will be \$25,000, partly insured.

Kansas City, April 4.—Wood Hall, Kansas City, Kan., a school for negroes at Quindaro, Kan., seven miles northwest of here, was destroyed by fire tonight with a loss of \$50,000.

The university is the second largest school for negroes in the country. It was founded fifteen years ago by William T. Vernon of Kansas City, formerly registrar of the United States treasury.

GAME AT ST. LOUIS. St. Louis, Mo., April 4.—The National team won from the Americans today 7 to 6 and evened up the inter-league series. The Americans stole eight bases.

R. H. E. Nationals ..... 7 9 1  
Americans ..... 6 11 2  
Batteries—Harmon, Landrum, Woodburn and Bresnahan; Hamilton and Stephens.

SOX DEFEAT OMAHA. Joplin, Mo., April 4.—The Chicago Americans second division team took another game from the Omaha Western League team here to day. The Chicago club left to night for St. Joseph, Mo., for a series of games.

Score. Chicago ..... 11 15 3  
Omaha ..... 2 5 5  
Batteries—Rogge and Carney; Hall, Lotz and Arbogast, Campbell.

BODY OF SENATOR TAYLOR. Nashville, April 4.—After lying in state at the capitol all day the body of Senator Robert Love Taylor was taken to Knoxville to night, where the funeral will be held to-morrow.

## REBELS HAD A NARROW ESCAPE

WERE ALL BUT SURROUNDED AT PARRAL.

Rebels in Their Flight Left Many Wounded on Field—Woman Whose Husband was Killed Made Heroic Effort to Save His Body.

With General Campa's Liberal army, near Parral, Mex., to counter the attack of Gen. Carranza. The rebels, after a fight, were routed. Federal soldiers of the city had on the rebels and all but surrounded the rebel command, which did well to escape destruction.

It is officially stated that the rebel losses were three killed and twelve wounded, and the list is undoubtedly larger, as Campa in his flight was compelled to leave the wounded where they lay.

Among the slain was Campa's 18-year-old brother.

A woman who accompanied her husband on the march, fought in the trenches, handling a rifle like a veteran. Her husband was killed as the retreat was about to begin.

The woman secured a horse and attempted to save the body. The horse fired on the retreat and began to drop behind. The federal soldiers steadily gaining in pursuit. She kept on the target of a storm of bullets, until, unmoved, by the panicky flight of the others, she dismounted, tenderly deposited her husband on the roadside and fled after the others.

Defending Parral. Parral, Mex., April 4.—The federal soldiers of Parral again are within the above walls, sustaining the fire of the reinforced rebels.

Throughout yesterday afternoon there was fighting near Parral, twenty miles away from the rebel rear base under General Quevedo, and the rebels were routed. Campa, from Parral on Tuesday to that point. During the night General Salazar's reinforcements arrived and the rebels retired to their camp. Today General Luis Fernandez, another rebel leader, arrived and preparations to take the town began in earnest. Salazar, commanding on a banking movement, while Major Quevedo and General Fernandez engaged the enemy in front. General Orta declared that within twenty hours the city will be his.

TWO SETS OF DELEGATES. Tall and Roosevelt Men Chosen in Georgia District.

Reynolds, Georgia, April 4.—Two delegations, one instructed for President Taft and the other for Roosevelt, will be sent to the Republican convention from the seventh congressional district as a result of the district convention held here today.

After the regular convention which elected J. D. Dyer of Gordon county and J. H. Crawford of Whitefield counties as delegates and instructed them to vote for the re-nomination of President Taft, nine negroes, induced at the naming of two white delegates at the "regular" convention, it is alleged, left the convention hall and held another convention. A. T. Alexander of Floyd and H. E. Thompson of Cobb, negroes, were elected delegates to the Chicago convention and were instructed for T. Roosevelt.

RECALL OF JUDGES BILL. Phoenix, Ariz., April 4.—The bill providing for the re-appointment of the people at the next general or special election of the constitutional amendment providing for the recall of judges was passed by the senate to day by a vote of 16 to 2. Slight changes were made by the senate, an ethics bill was returned to the house for its acceptance. No trouble is expected in the house over the amendments and the governor's signature will be all that is necessary to submit the proposition to the people.

FATAL REVOLVING BATTLE. Hoxington, Kan., April 4.—Two men were killed and three others were injured, one probably fatally, at the Missouri Pacific railway shops here tonight, when "Bud" Smith, a discharged negro employee, engaged in a revolver battle with shop employees. Mortally wounded, Smith was rescued by officers from a crowd intent upon lynching him. After being taken to jail, Smith died.

WOLGAST SOON FIT TO FIGHT. San Francisco, April 4.—Ad Wolgast, champion light weight, has so far recovered his strength that he announced to night that he would be ready on July 1 to take on any challenger for the title in a twenty-round bout.

"I believe I shall be fit to take on anybody who presents himself," said Wolgast. "I'll even give Paeky McKelard a couple of pounds advantage in weight."

WOMAN JUDGES DECISION. Denver, April 4.—The first decision of a woman judge was brought before the state supreme court, to day for review. Mrs. L. B. Tague, judge of Eagle county, fined the Miller Mercantile company \$200 and costs for selling liquor in dry territory. The company appealed.

ACCUSED OF WIFE MURDER. Rockford, Ill., April 4.—Fred Wheeler was arrested here to day and held without bail to the grand jury for the alleged murder of his wife by poison. Life insurance of fifteen hundred dollars and an annuity are given as motives for the alleged crime.

## COTTON MANUFACTURERS.

Favor Reductions Suggested by Tariff Board.

Washington, April 4.—The American Cotton Manufacturers' association to day went on record in favor of a reduction of all duties on the cotton tariff schedule by the tariff board to a maximum of 10 per cent.

Resolutions unanimously adopted at the convention in session here. A feature of the convention was a report by W. J. Thompson, of Greenville, S. C., upon the cotton industry of that state.

Thompson declared the cotton mill industry of the south to be in a state of financial collapse. He would have to give up a considerable portion of the industry, he said, if the tariff were reduced to 10 per cent.

## SUICIDE THEORY.

Cham Made by Defense in Trial of Mrs. Vermilya.

Chicago, April 4.—The defense of Mrs. V. Vermilya, on trial for the alleged murder of Richard T. Smith, is that he committed suicide.

This developed today when Russell C. Thompson testified that Smith threatened to commit suicide before his death. Thompson exhibited a bottle containing chloral, which he testified he took from Smith.

Thompson's statement was introduced by the prosecution. It was admitted after vigorous protest by Assistant State's Attorney Burroughs. The witness also asserted Smith was taking medicine at the time he committed suicide.

"I have always contended," he said, "that progressive Republican principles represent moral issues admitting of no compromise. I have therefore steadfastly refused to compromise or combine with any compromise candidates. Those thorough-going progressives whose views are in accord with mine, and who are supporting my candidacy are of right entitled to an opportunity, where law permits, to vote their convictions in the presidential primaries. For these reasons, in Illinois and in other states, having statutes, I believe it to be my duty to enter my name on the ballot."

The senate will go to Oregon from Nevada. He may campaign for a few days in Washington and then will go to California.

## ROLLER WON MATCH.

Minneapolis, April 4.—Dr. R. E. Roller of Seattle to night defeated Romanoff, the Russian, wrestler in straight falls of a Bush mat. Both falls were won on toe holds. The first in 26 minutes and the second in 12 minutes.

## DR. BROUGHTON DEAD.

Rockford, Ill., April 4.—Dr. Russell Broughton, formerly a specialist in drug and liquor cases, died to day, aged 79 years.

## CHARGE MADE BY CONGRESSMAN

CONTENTION MADE MANY WERE "APPROACHABLE."

Texas Representative Says Nearly Every Member of Congress Is in Employ of Some Interest—Other Washington News.

Washington, April 4.—Representative Randolph of Texas, Democrat, set members of the house at the card to day when he charged that many congressmen were "approachable," while engaged in legislative work.

"I make the assertion," he declared, "that nearly every member of this house is in the employ of some interest or is subject to some influence, and what holds true of the house is equally true of the senate. I say this with the hope that I may have no one's feelings."

The Texas member was discussing his bill before the judiciary committee to prohibit any federal employee from so ever from receiving any remuneration from any corporation engaged in interstate commerce.

Few men are guilty of being corruptly influenced, but the fact is undeniable that many are subject to influences which this bill, if enacted into law, would remove," he declared.

Representative Nye, of Minnesota, a Republican member of the judiciary committee, took exception to Mr. Randolph's allegations.

Mr. Nye said it would be better for the author of the bill, the house and the country, if Mr. Randolph would withdraw from the committee to take leave of absence, or to go to the other side of the house.

Mr. Randolph protested that he had no intention of leaving the house, and said that nothing he had said could be construed to mean that.

## FOSS WITHDRAWS.

Massachusetts Governor Not Candidate for President.

Boston, April 4.—Governor Foss withdrew his name to night from the presidential preference primary ballot. In a letter accompanying the withdrawal addressed to Chairman Riley of the Democratic state committee, he asked that delegates candidates pledged to him consider themselves unpledged.

YOUNG SHOULD BE AMUSED. Indianapolis, Ind., April 4.—Amateur skating rinks and dance halls were advised to day at the child welfare exhibit by Rev. S. C. Wick of the All-Souls Unitarian church. In his address he said: "We can not single out any amusement and say it is good or bad, for under certain conditions roller skating and dancing are bad, and privately conducted halls are to be condemned. Young people must be amused, and the city should see that their amusement is wholesome."

BODY TAKEN EAST. Pasadena, Calif., April 4.—The body of Calverly P. Rodgers, the transcontinental aviator, who was killed yesterday, will be taken to burial to Pittsburgh, Pa., the home of his sister.

Mrs. Rodgers will start east with her husband's body to-morrow.

## CUBS WON GAME.

Terre Haute, Ind., April 4.—The Chicago Nationals defeated the Terre Haute Central league team this afternoon 7 to 3.

## DISLOYAL TO THEIR PARTY

CHARGES MADE AGAINST WILSON AND HARMON.

Senator Stone Says Neither Voted for Bryan in 1896—According to His Statement Champ Clark Is the Only True Democrat.

Chicago, April 4.—Charges that both Governor Wilson and Governor Harmon have been disloyal to the National Democratic party were in an address by Senator William J. Stone of Missouri here to night. He addressed a meeting of Champ Clark's supporters, held under the auspices of the Missouri society of Chicago.

"Neither Governor Harmon nor Governor Wilson voted for W. J. Bryan, when he was a presidential candidate in 1896," Senator Stone said. "But on the contrary gave their support to the opposition ticket. This statement, I am sure, will not be denied."

"From 1896 to 1908 Champ Clark has consistently supported the National Democratic ticket. For twenty years he has been a representative in congress and most of the time the house was under Republican control. Unfortunately, for many, the Democratic minority of the house was factional and in Harmon's opinion about three years ago Champ Clark was chosen its leader."

"He began to solidify his party associates in that representative body, diplomatically and masterfully did he discharge this task that for the first time in years the Democratic minority moved against the Republican majority in a regular, reduced majority against an individual."

Clark's fight has the Democratic party of the house back heart and courage. The Democratic of the country felt in line. We know the result. Since then Clark has been the constant adviser and counselor of the members of the house."

"Taking the country as it is to day, with splendid chances of the all-greatest success to come, should the greatest need of honor for this occasion be accorded. Who at all this Democratic presidential candidates has accomplished the most toward putting the Democratic party on its feet and starting it on the road to success? Is it Speaker Clark or some other man? I guess the people know."

ENTERTAINED JURORS. Seven Men Trying Lewis Inspected University City.

St. Louis, April 4.—The seven jurors in the trial of Lewis, known in United States district court here today, that seven of the twelve jurors who are trying E. G. Lewis on a charge of using the mails to defraud, inspected University City last Saturday, where Lewis showed them the points of interest.

Lewis admitted he had entertained the jurors, but said it was not by prearrangement. He said he was surprised when he met them at the hotel, and that he had not intended to do so.

TROUBLE FOR JOHNSON.

Federal Action May Be Taken Against Pugilist.

Chicago, April 4.—Federal grand jury action may be taken against Jack Johnson, champion pugilist of the world, who is accused of having smuggled into this country a \$6,000 diamond necklace which he bought in Europe last fall.

The necklace was seized several days ago in a raid made on Johnson's home. Johnson's wife, who has been wearing the necklace, it is said, and information in regard to the case was first given by the government officials by colored neighbors of the pugilist.

Johnson talked with the government attorneys over the telephone to day and declared that the necklace had been given him by friends in this country.

SUITS FOR DIVORCE FILED. Mrs. Ethel M. Wells, by her attorney, T. F. Smith, has filed a suit for divorce from her husband, Harry Wells. Extreme and repeated cruelty is the charge made. They were married Feb. 12, 1907, and lived together until March 28, 1910.

WILSON-CLARK FIGHT. Milwaukee, April 4.—The official returns will be necessary to decide the outcome of the Clark-Wilson fight in this state. Clark will have not more than eight delegates, but at least five, and the official count will be necessary to determine the three in doubt. Wilson leads Clark in the total vote of the preferential primary by about 15,000.

## MISS CORAL FURR AN APRIL BRIDE

WAS UNITED IN MARRIAGE TO DAN LEAVITT CLARKE.

Pretty Ceremony Takes Place at the Congregational Church—Reception to Relatives at Home of Bride's Parents—Will Reside Near New Berlin.

A wedding marked with beauty and simplicity took place Thursday evening at 8 o'clock at the Congregational church, when Miss Coral Furr became the bride of Mr. Dan Leavitt Clarke. For this joyful event the church had been decorated very attractively. An embankment of palms, ferns, southern amilax, bride's roses, Easter lilies completely filled the space in front of the pipe organ, the organ itself being entwined with amilax and all together making a picture, beautiful to behold and of especial loveliness.

Preceding the marriage a brief musical program was given. Mrs. Helen Bullard presiding at the organ. The first number was a violin solo, "The Andante from Mendelssohn's Concerto," by Miss Irene Thompson, who gave a splendid interpretation of the selection. In a very charming manner, and with splendid voice Miss Mabel Matthews next sang two numbers "Calm as the Night," by Bohm, and "Spring Song," by Gounod.

The bride party made their appearance when the wedding march from Lohengrin began. The west aisle was used for entrance and the first to appear were the ushers, including Mr. Delbert Tilson of Decatur; Mr. George Koch of Pekin; Mr. Leigh Lucas of Mt. Pulaski; Harry Fulk of Beardtown, all formerly brothers of the groom. Mr. Paul Furr, a brother of the bride, and Mr. De Motte Gates.

The bridesmaids came next. They were Miss Helen Robinson, Miss Lillian Havenhill, Miss Louise Gates, and Miss Grace Poor of Peoria. They wore gowns of white marquisette over white silk, trimmed with lace. Each carried an arm bouquet of marguerites.

The maid of honor was Miss Lucia Lippincott. She was gowned in a pale green crepe de chene, trimmed with baby Irish lace and emerald bead trimmings. She carried a bouquet of marguerites and maiden-hair fern.

Little Dorothy Alice Furr, a sister of the bride, was flower girl. She was dressed in a white lingerie costume, trimmed in Val lace and carried a dainty basket full of sweet peas and marguerites.

The bride entered on the arm of her father, a beautiful creation of white satin trimmed with baby Irish lace, bertha and back panel, made empire and en traine. She wore a full Brussels net veil caught up with orange blossoms, which came from California. She also carried a handsome shower bouquet of lilies of the valley.

The groom entered from the room on the east side of the church, accompanied by his brother, Mr. David Clarke, of Urbana, as best man.

The plighting of the troth by the Reverend Roswell O. Post, pastor of Congregational church, was most impressive, the ring ceremony being used. A fervent prayer was made that the young people might, and the highest ideals and the greatest happiness in their married life.

The recessional was made by the east aisle. Mendelssohn's wedding march being used.

The bride is the eldest daughter of Mr. and Mrs. W. A. Furr of 1919 Grove street; her father being superintendent of the Jacksonville public schools. She graduated from the high school, with the class of 1907, and among the younger people of the city has ever been popular. She possesses a keen intellect and has constantly added to her list of friends, through her genial disposition and pleasing personality. No young woman will leave Jacksonville with more good wishes than Mrs. Clarke.

The groom is the son of Mrs. D. B. Clarke, the family formerly residing near New Berlin, later in Jacksonville and for the past few years in Urbana. He is a former student of the Whipple Academy, supplementing his course there with two years work in the Agricultural college of the University of Illinois. He is a member of the Tau Lambda fraternity, and commands and holds the full confidence of all who know him, because of his upright life, business ability and friendly ways.

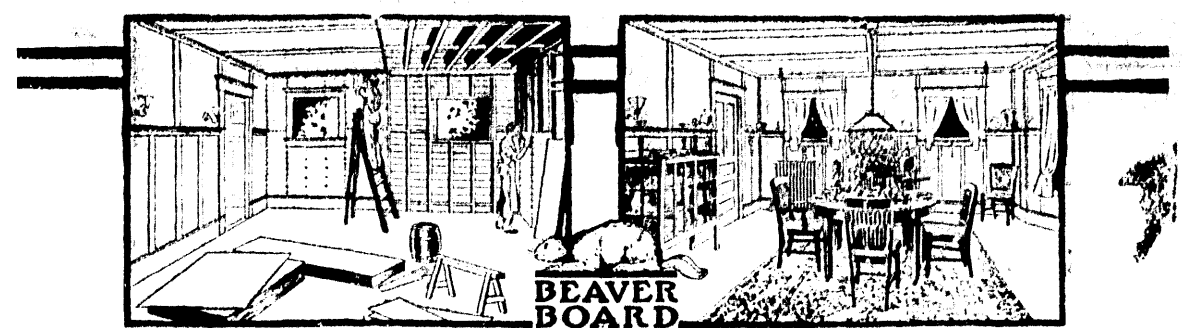

Following the ceremony at the church a wedding reception was held at the home of the bride's parents on Grove street, the guests including members of the bridal party and relatives of the bride and groom. The house was neatly decorated. In the parlor, Kilmarcy roses and amilax prevailed; in the library pink and white sweet peas, ferns and amilax and in the dining room yellow roses and amilax were used. A splendid collation was served and the cutting of the bride's cake afforded no little amusement, the various articles being contained as follows: Ring, Miss Lillian Havenhill; dime, Mr. Delbert Tilson; darning needle, Mr. David Clarke; pin, Mr. Leigh Lucas.

The favor in which the young people are held was evidenced by the large number of presents received, consisting of cut glass, china ware, linen, and silverware, and a fine Victor-Victrola machine.

Mr. and Mrs. Clarke left over the Washburn for Chicago, where they will make a brief wedding trip. They expect to be at home to their friends on a farm, eight miles northwest of New Berlin, after June 1.

There was present a large number of friends from nearby towns, and those from a distance included Mrs. Joanna Austin of Hopkinton, Mrs. H. W. S. Rigden and Miss Alice Rigden of Ottawa, Ill.

The marriage of Mr. Harold Stafford Huxtable and Miss Mary

This shows a new room with the BEAVER BOARD being called to the building. The work is easily and rapidly done, without the litter and confusion of lath and plaster.

This shows how the room looks when finished. It suggests but one of the many artistic schemes of design and decoration possible with BEAVER BOARD walls and ceilings.

## Use BEAVER BOARD for the Walls and Ceilings of Your New or Remodeled Building

It costs less than lath and plaster, lumber, or metal; is more quickly and easily put up; is durable, sanitary and artistic.

It will not crack, chip or deteriorate with age; it deadens sound, keeps out heat and cold, retards fire, and resists strain or vibration.

Made entirely of selected woods, reduced to fibrous form and pressed into panels of uniform thickness, with handsome pebbled surface. Made in convenient sizes for every purpose. Small quantities furnished for making many decorative and useful household articles. Full instructions for application. Apply to

**PENALTY FACES J. HAM LEWIS.**  
Washington, April 4. J. Ham  
Lewis of Chicago, Democratic can-  
didate for United States senator  
from Illinois, may be liable to prose-  
cution for failure to comply with  
the federal election publicity bill.  
Lewis has not filed any statement of  
his campaign expenditures, although  
the law requires such statements at  
least ten days before the date of the  
election on the primary.

Lewis is unpopular and may have  
had no expenditures. It is understood,  
however, sworn statements shall be  
filed whether there be any expenses  
or not. The penalty is a fine of \$2,000  
or imprisonment for one year, or  
both.

esting facts concerning the snow fall  
of the past winter. The record  
shows that snow fell on 6 days in  
the month of November, the total  
for the month being 2.1 inches.  
For the other months the record  
shows: December 1 day, 6.5 inches;  
January, 9 days, 1.1 inches; February,  
11 days, 8.1 inches; March, 9 days,  
10.8 inches. The report therefore  
shows that snow fell on 29 days and  
that the total snowfall was 32.1  
inches.

## Anna Held's Opinion of An Automobile

Arthur Barker Motor Car Co  
Seattle, Washington.

Gentlemen:  
I cannot help but say that  
the big, luxurious Oakland car  
that took me so easily and com-  
fortably around your beautiful  
boulevard is the easiest riding  
American built car I have seen.  
Of course, my foreign machines  
cost me thousands of dollars,  
but this is the first American  
built car that I ever thought  
their equal.

Respectfully yours,  
Anna Held.

You will note by Mrs. Held's  
letter that she has had experi-  
ence with foreign auto cars  
which cost her thousands of  
dollars. You will also note  
carefully that the Oakland is  
the first American built car  
that she ever thought the equal  
of the high priced foreign  
made cars. This is one of the  
best tributes that has ever  
been paid the Oakland, and  
coming as it does from a  
woman who is in a position to  
judge of the comparative merit  
of high priced cars and  
medium cars, it should carry  
great weight.

#### DEATHS AND FUNERAL

**Taylor.**  
Mrs. Edward Taylor, residing four miles southeast of Shufair, died Thursday afternoon at 1:20 o'clock after a brief illness of pneumonia.

She was the daughter of Hiram and Frances Mackey and was born in Pike county, Mo., Jan. 11, 1868. She married Edward Taylor Sept. 16, 1894, who survives her, together with her mother and a host of friends. She was a member of Bethel A. M. E. church and of Hicklin tabernacle.

No funeral arrangements have been made, but will probably take place Saturday from the Bethel A. M. E. church with interment in Jacksonville cemetery.

**Rogers.**  
William Edwards received word yesterday of the death of his half-brother, Frank Rogers, who passed away Thursday afternoon at 2 o'clock at his late home in Gary, Ind. He had only been ill a week. He formerly resided in Jacksonville and was employed by the late E. C. Kreider, at the Kreider & Fitzsimmons mills and at the post office during Mr. Kreider's term as postmaster. He is survived by another half-brother, Thomas Edwards of Indiana and one sister, Mrs. Lucy Bundy of East Railroad street. The remains will probably be brought here for burial.

**Peak.**  
C. O. Peak received a telegram Thursday informing him of the death of his father, William A. Peak, in Los Angeles, Calif. The deceased was born in Scott county in 1835 and lived there the greater part of his life. For many years he was a successful farmer and stock raiser and was known through all this section of the state. For several years he had been living in Los Angeles and it was there his death occurred after a brief illness. He was a member of the Christian church and was a man of excellent character, warmly esteemed by those who knew him best. During the war of the rebellion he did faithful service for his country, serving for three years in Company F of the 129th Illinois.

#### UNION SUPPER AND PROGRAM

**Splendid Entertainment Given in Armory Hall by Colored Lodges—Large Sum Realized.**

A large crowd attended the entertainment given Thursday night in Armory hall by the colored lodges of the city. Both the supper and the program were excellent and from the patronage accorded a large sum was realized, a great part of which will be given to the Odd Fellows home.

The excellent menu, which was served, consisted of roast chicken, roast pork, scalloped oysters, potatoes, peas, celery, pickles, jelly, applesauce, hot biscuits, fruit, fruit ice cream, coffee.

The program given was as follows, each number of which was the product of a colored author or composer:

#### RUN OUT OF COUNTY

**Industrial Workers Forced to Show Respect to National Emblem Before Departure.**

San Diego, Calif., April 4. Nearly 100 industrial workers of the world knelt on the ground and kissed the folds of an American flag at early dawn today, a short distance this side of the county boundary line. Forty-five deputy constables and a large body of armed citizens forced the men to show respect to the national emblem. The men left Santa Ana on a freight train the night before and their coming was awaited by the deputies and citizens.

After the flag kissing the workers were divided into squads of five and forced to march back across the line to the tune of the "Star Spangled Banner" in which the industrial workers were compelled to make at least a show of joining. At the Orange county line the men who had come from Santa Ana were given a parting caution to keep out of San Diego county. They started north on the railway track.

#### MISSIONARY MEETING.

The missionary society of the Central Christian church met Thursday afternoon at the home of Mrs. W. W. Gilman. Mrs. Clyde Darsie was leader and the program was regarding the work in India and was as follows:

Devotional exercises led by Mrs. George Harney.

Country and People of India. Mrs. W. W. Walker.

Vocal solo, Mrs. Charles Elmer.

The Stations in India and Their Needs. Miss Henrietta Clark.

Instrumental solo, Mrs. Clarence Rice of Chapin.

Paper, Mrs. C. L. Mathis.

Recitation, Miss Lydia Hunt.

Mission Study. Mrs. Thornbury.

At the close of the formal program a social hour was much enjoyed and excellent refreshments were served to the large company present.

#### FROM FLORIDA.

Miss Mary Thorndyke writes her friends from St. Cloud, Fla., where she and her father, John Thorndyke, of Chapin, are staying. Among other things she says:

"We are both well and getting along all right. This is a city only three years old and has a fine climate and a soil that produces well when properly worked. One man here has had strawberries since January. We are eating new potatoes and have had lettuce and radishes out of our garden. We have been to Tampa, Havana, Cuba and stopped over at Key West both ways. In Havana we visited Moro castle, Cabanas fortress, and had a fine time. There were so many in the party, the others beside us all from Chapin, Ill. We visited St. Petersburg, Bradenton, Pasca Grille and went bathing in the salt water. We also visited Orlando, which, like St. Petersburg, is a fine place. At Orlando they were having a county fair which was quite an attraction to us.

"We expect to start home about the middle of April and on the way I want to stop off at Chattanooga. I visited Kistimme and met David Angel of Chapin and George Mawson, brother of Robert Mawson."

#### OUR SPECIAL DESIGNED HAT WILL TOP YOU OFF FOR SUNDAY LUTHERAN BROS.

**LOOKING FOR FACTS ABOUT OLD DEED.**

A gentleman was in the city Thursday from Normal seeking information about John Woods and Nathaniel E. Hall who signed deeds in Morgan county in 1836 and 1837. It seems that one of the deeds failed to show whether or not John Woods was married and now some question has come with reference to the regularity of the title. To a person not familiar with the law it would seem that certainly enough time had elapsed to settle such a question so far as the validity of a title is concerned.

We won't give you presents or toys to day or to morrow—we will give you real money with a boy's suit, Lukeman Bros.

#### WILL BE WELL ATTENDED.

In sending out invitations the other day to a luncheon at which D. W. King will speak, A. L. French enclosed return cards. The responses have been very prompt and nearly all of those invited have signified their acceptance. Mr. French's idea in arranging for this luncheon was to help along with the good roads movement. While of necessity only a limited number can attend the luncheon, when it is over, the tables will be moved in such a way as to make more space available and any one interested will be very welcome to attend and hear Mr. King's address. He is one of the best known road authorities today and will certainly have something of value to offer.

#### ANTI-SHIPPING TRUST BILL.

Boston, April 4. A bill designed to break up foreign shipping pools and combinations and to give to the government greater control over such alleged "trusts" of trade which originate in the United States was introduced today by Representative Humphrey of Washington. The government now has several anti-trust suits pending against foreign steamship combinations. The bill was referred to the committee on merchant marine, which is preparing to investigate the alleged shipping combine.

#### NOT MAKING PROGRESS.

Seattle, Wash., April 4. Despatches from British Columbia and Washington points, the industrial workers of the world have undertaken to tie up the construction of two great trans-continental railways and the lumber industry, indicated that the "revolution" as their leaders call the strike, is not making progress.

The Grand Trunk Pacific men still are at work, and the rains weather along the Canadian Northern, has discouraged the Canadian Western strikers, who sleep out of doors.

The industrial workers, in spite of the attempt of citizens committees to drive them out of the Grays Harbor towns, are still in the field, and aggressive.

### GOV. WILSON TO VISIT CITY TODAY

Chief Executive From New Jersey Will Come in Special Alton Train at 5 O'Clock—Will Speak From Court House Steps.

Gov. Woodrow Wilson of New Jersey, candidate for the Democratic nomination for the presidency, will arrive in Jacksonville this afternoon at 5 o'clock over the Chicago & Alton road. Upon arrival at the Alton station he will be whisked in an automobile to the court house and will make an address there from the steps. At 5:29 his train will steam away to Peoria, where he is to make an address at night.

A number of prominent Democrats will go to Springfield this morning to join the Wilson party and a still larger number will go to Murraville on the 3:50 o'clock train, as the Wilson special will come from Springfield via the Air Line cut off and so will come into Jacksonville by way of Murraville. Judge Thompson will be one of those who will accompany Gov. Wilson from Springfield and will introduce him to the Jacksonville audience.

The special train, with Gov. Wilson and party on board, will start from Chicago over the Alton at 9:15 o'clock and make stops as follows: Joliet, 10:15; Dwight, 11:20; Pontiac, 11:55; Bloomington, 1 o'clock; Lincoln, 2:05; Springfield, 2:15 o'clock; Jacksonville, 3 o'clock; Petersburg, 6:10 o'clock; Mason City, 6:15; Peoria, 8 o'clock. He will spend the night at Peoria and tomorrow will visit Galesburg, Moline, Rock Island, Sterling and De Kalb, going into Chicago in the evening.

Charles W. Boston, chairman of the Democratic county central committee, assisted by Judge Brockhouse, is making the general arrangements for the meeting. Arrangements for joining the Wilson party enroute are somewhat informal, but among those who will go to Springfield this morning will probably be the following: Judge E. P. Brockhouse, George E. Doyne, W. B. Rogers, H. J. Rodgers, C. A. Boruff, Ralph L. Dunlap, L. H. Engel, J. G. Reynolds, Bernard Gause, Robert Tilton, J. W. Morrison and Paul P. Thompson. Among a larger delegation which will go to Murraville will be M. F. Dunlap, C. R. Knollenberg, C. W. Boston, H. C. Montgomerie and Judge E. E. Baldwin.

Gov. Wilson is now a national figure, a man of ability and learning and he should have a large audience in Jacksonville representing all parties.

### BECOMING MORE MUDDLED.

Delegate Situation in Wisconsin Still in Doubt.

Milwaukee, Wis., April 4.—Instead of becoming clarified as days advance, the delegate situation in this state between Wilson and Clark is becoming more muddled.

The only thing cleared up Thursday was the result in the ninth district, which Wilson carried, electing both delegates.

On the other hand the sixth district, which had been given to Wilson, went over into the doubtful column. The eighth district also remained doubtful.

Tonight Wilson had 12 delegates certain, including the delegate at large. Clark had four district delegates certain. Two were in doubt. This, with the one independent, makes up the 26 delegates from this state.

WILSON'S DELEGATES.

Dos Moines, Ia., April 4.—Taft Republicans controlled the Iowa county Republican convention today and selected Taft delegates to the state and district conventions. The county Democratic convention instructed delegates for Woodrow Wilson.

GOES TO SICK SON.

Mexico City, April 4.—Mrs. Henry Lane Wilson, wife of the American ambassador, left tonight for Tlaxcala, N. Y., where her son, Warden, a student at Cornell university, is seriously ill. The ambassador caused to be published private cablegrams from President Schurman to allay any possible alarm to Americans in Mexico, growing out of the departure of Mrs. Wilson.

### HEARD IN RECITAL

Miss Stella Shuff, Soprano, and Miss Lena Hopper, Contralto, Delight Large Audience at Woman's College.

The largest audience thus far, during the afternoon recitals at the Woman's college was present Thursday, at 4:15, to hear the program by Miss Stella Shuff, soprano, and Miss Lena Hopper, contralto, both pupils of Mrs. Hartmann. The various numbers were so arranged that the audience was delighted and were liberal in their recognition of the merits of the performers. Both have been heard with pleasure oftentimes in the city, but their work of yesterday was especially praiseworthy. Miss Shuff has constantly been adding to the flexibility and range of her voice and her selections yesterday gave her a splendid opportunity to display the various qualities. She gave the Ronald numbers "A Cycle of Life" in the voice and her closing group evidenced the hard work she has been doing on her music and of the happy outcome.

Miss Hopper possesses a contralto voice of pleasing quality and purity of tone. She sings with ease and grace and never fails to impress her audience of the grasp she has on the selection. The Wagner number, "Traume," was finely interpreted in the Thomas number "My Heart is Weary," she met every demand in a satisfying manner. Both young ladies are to be congratulated upon the pleasing manner in which the program was given and at its close they received many compliments.

The program follows: "But the Lord is Mindful of His Own"—St. Paul. Mendelssohn.

### MURDER AND SUICIDE.

Man Kills Woman and Then Ends Own Life.

Detroit, Mich., April 4.—Mrs. Helen Marshall, an employee of a shoe store, was shot and killed tonight by James Rasasco, who then turned the weapon upon himself and ended his own life. The shooting occurred in full view of numerous pedestrians.

Mrs. Marshall came to Detroit about 10 months ago from Brantford, Ont. She had separated from her husband, who now is in California. Rasasco was a well-to-do fruit merchant. He was infatuated with Mrs. Marshall, who declined to receive his attentions.

Miss Marjorie Brainer to Marry Noah Heintz.

Announcement has been made of the approaching marriage of Miss Marjorie Brainer to Mr. Noah Heintz, the ceremony to take place next Sunday at high noon at the home of the bride's parents, Mr. and Mrs. L. Edward Brainer, Rev. F. A. McCarty, pastor of Centenary M. E. church, to officiate.

The bride-to-be is well known in Jacksonville where she received her education and where she has always resided. Mr. Heintz has been employed by C. G. Williams, the well known photographer of Bloomington. He became known here when he played baseball in the old Kitty league. He has signed a contract with the Troy club of the New York State league. The young people anticipate a wedding trip to Chicago and from there will go to Newport News, Va.

## PLAYGROUND ASSOCIATION

Steps Being Taken for Permanent Organization—Meeting at the Library Building Monday Evening at 7:30.

Another meeting of the committee appointed to arrange for a gathering of all interested in the matter of playgrounds was held yesterday afternoon at the office of the Farmers State Bank & Trust company and it was decided to ask for a mass meeting of all the persons of Jacksonville, both gentlemen and ladies, who feel an interest in this important matter, to meet at the library building Monday evening next, at 7:30 o'clock for the purpose of forming a permanent association to promote the welfare of the enterprise.

The idea will be to ask for members and not have any dues or assessments but solicit co-operation in promoting a spirit of enterprise and interest in the subject. At the same time it is becoming more and more the sentiment of those best qualified to judge that playgrounds are as good an investment as a city can well make. In Chicago over thirteen millions will represent the investment in that direction and over a million in annual expense of maintenance. A beginning has been made in Jacksonville and the great desire now is to make this first start a grand success and then anything subsequent will come easily. To that end a large attendance Monday night is earnestly solicited. Let us get together and discuss the matter.

Arrangements have been made for a number of brief addresses already and then others present will have an opportunity to offer any suggestions they may have to make. It is desired to elect directors for the enterprise and they can then select the officers who will have a special charge of the work.

As is well known, one playground has been bought and paid for and a lot set aside for a small continuation such as will make a good beginning and then it is hoped that the interest will prove such that greater interest in it will be aroused from time to time. Progress in the work will be reported from time to time and every effort made to keep the public posted and interested in the work.

It is the desire of the committee to make this a spot light to the hearts of the children tributary to it and not an annoyance to any one.

### AT LIBERTY SCHOOL.

Liberty school, near Markham station, closed Thursday and may be said that the term went out in a blaze of glory. The parents and others prepared a surprise for the little folks in the way of a picnic dinner with lots of nice things which were generally enjoyed by all. In the afternoon lessons were set aside and a walk in the adjacent fields and woods was enjoyed by each child and their teachers. A delightful time was had by all. Miss Mabel Hamming, the capable teacher, has endeavored herself to make during her work with the young in the school and she will always be remembered with pleasure and gratitude by many.

W. A. Weaver of East Liverpool, Ohio, who has been visiting his daughter, Miss Mildred Weaver, a student at the Woman's college, has returned to his home. Mr. Weaver had many complimentary things to say about Jacksonville and enjoyed his visit here very much.

**NOTICE OF COLOR OR BALLOTS**  
Announcement is hereby made that the color for the primary election to be held by the respective parties at a primary election to be held on the 9th day of April A. D. 1912, in the county of Morgan will be as follows:

Republican party, canary; Democratic party, pink; Prohibition party, green; Socialist party, blue.

Dated the 18th day of March, A. D. 1912.

### ENTERTAINED FRIENDS.

Miss Mardelle McDougall entertained a few friends Thursday evening in honor of Miss Kathryn Pucsek who is visiting with relatives and friends in the city from Galesburg. The evening was spent in playing games and light refreshments were served.

### SEWING CLUB ENTERTAINED.

Mrs. J. T. Little entertained the members of the Old Ladies' Sewing club Thursday afternoon at her home in Alexander. There was a good attendance and the hours proved most delightful. Delicious refreshments were served. Mrs. Little's sister, Mrs. Carlton of Goreville, who is her guest, assisted in entertaining.

### EMBROIDERY CLUB MET.

The members of the 1912 Embroidery club met Thursday afternoon at the home of Mrs. Edith Six in Alexander. Elegant refreshments were served and the appointments in every way were such as to make the occasion one of great pleasure.

### REMARKABLE RECORD.

Flesh-Forming Food That Succeeds Nearly Every Time.

A man or woman might as well starve outright as to take food into the stomach and not have it assimilated, yet in Jacksonville as well as in every other town and city, there are many people who are thin, pale and seem underfed, simply because the food they eat is not assimilated, and fails to make good blood and firm flesh.

Samore, the wonderful flesh-forming food, taken before or after meals, mingles with the food, so that it is assimilated by the system and makes rich blood and pleasing plumpness.

Anyone who is thin, weak, scrawny and emaciated can put 50c on deposit with Coover & Shreve and take home a box of Samore. If the treatment does not give a noticeable increase in good, firm flesh and restore strength and health, they will return the money without any questions.

## As "Ed" Howe Sees Life

When a man and wife "talk over" a subject, they usually compromise on the way she wanted to do it in the first place.

Don't spend too much time looking for a good thing; get it.

I know a man who is so good to his children that his wife is afraid to leave him alone with them; she's afraid they'll mistreat him.

If you want to get a secret out of a man, don't blurt it ask him for it; give him a chance to talk, and he will usually leak.

The particulars in a sensation interest people more than the right of it.

Some people are never of much force except when they get together in a mob.

When married women express the hope that a bride "won't be a fool," they mean they hope she will watch him.

The trouble with most investigations is, the prosecutor thinks he is disgraced unless he secures a conviction.

Who is on guard tonight? And who is watching him?

There are so many ways for a woman to dress that it must be almost a comfort for her to wear mourning, then she can't make a mistake.

### STATE NEWS.

The "Q" is to expend several hundred thousand dollars this year in additional freight yard facilities at Galesburg.

Roscoe Ross of McLean county is the possessor of a pond of great extent on March 29 by a full blood Plymouth Rock hen. The egg stands upon the little end and will not do otherwise. This egg will not lay on the side as other eggs do. In holding or putting the large end on your hand the egg turns clear over and before it rests upon the little end.

Because of coal shortages, the Burlington brick works at Galesburg have shut down, throwing 100 men out of work.

Thomas Heirs, a native of this county and for many years residing in Quincy, died recently. He had been fire chief, police judge, city clerk and editor.

W. S. B. Matthews of Chicago, one of the best known musical critics and authors in the state, died recently on the train returning home from Dallas, Texas.

Thomas Cumber of Glasgow was riding by the bank of a stream when his horse slipped in and it took a block and tackle to get the animal out.

Influenced by the Stanton tragedy, Miss Cyrene Lovelace of Macoupin county committed suicide by taking carbolic acid.

J. Schnell, for several years editor of the "Mt. Olive Tentative," has resigned his position and will remove to Portage, Wis., and take charge of "Handsome & Wacker," a newspaper published there.

The city of Virden has awarded the contract for the pavement of the streets around the public square to O. W. Eisenmeyer of Granite City. There were eight bidders, two of whom from Springfield, but Eisenmeyer's bid was the lowest, being \$26,511.20.

Joseph L. Jones, aged 71, and Mrs. Mary A. Miller, aged 72, both living in the vicinity of Peoria, appeared recently at the county clerk's office in that city and asked for a marriage license, which was promptly furnished them, as there could be no doubt regarding their legal age. They then repaired to the parsonage of the Methodist church, where they were duly wedded by the minister, Rev. W. E. Shaw. They will live in Canton.

Elder Stephen R. Williams of Pike county died recently at the great age of 92. He came to this state when small and the family first settled in White county, where the children went to school in the old log schoolhouse, whose only window was a hole in the side, screened with a bit of greased paper. He had lived in Pike county 68 years and was a man greatly respected.

A prominent man of Pike county attempted to board a moving Wabash train and caught on a step of a coach which had a vestibule platform and the door was closed. The man held on for life and was nearly exhausted before the brakeman discovered him and let him into the train.

W. M. Kingery, who lives a short distance from Pittsfield, had a narrow escape from drowning. He attempted to cross a stream on a log and fell into the water, where he would have perished, but for the help of Frank Suttler, who called some telephone men to the rescue.

Edward Benz, who lived near Payson, committed suicide recently by shooting himself with a rifle.

Farmers living along the brick pavement in Newman township, Douglas county, have been offered as high as \$350 per acre for their land. Henry Eversole, of Newman, has offered a bonus of \$5,000 to have a paved road like this built to his farm in Arcola township.

John Klocke, a human brute of Quincy, has several times deserted his three small children and the authorities of the Gem City are after him with a sharp stick.

R. Trefzger, a champion type writer, recently gave an exhibition in Quincy, when he wrote 194 words a minute and solved four complex problems in arithmetic while writing new matter. For two minutes he averaged 20 words a minute on new matter, also, with but a single error.

Mr. and Mrs. Henry Alphin of Hartsburg recently celebrated the 65th anniversary of their wedding.

Herbert Moninger of Good Hope, was trying to cut horns from a horse's mane, when the knife slipped, destroying the sight of one of the boy's eyes.

Rev. C. P. Graham, formerly pastor of the Presbyterian church at Daylis, has accepted a call to a church at Kampsville.

Capt. Phent, of East St. Louis

was cruising along the river bank in his yacht, when it struck an obstruction, sinking the craft and a skiff attached, while the owner narrowly escaped with his life.

Rev. H. L. Waltman has been called to the pastorate of the Christian church at Barry.

About 500 women spent the day in prayer at the polls at Sterling, election day.

John Gerr, confined in jail at Hartsburg on a charge of forgery, committed suicide.

## BECAME HOMESICK

Girl Who Eloped With Married Minister Returns Home for Visit.

Hempstead, L. I., N. Y., April 4.—Florence Whaley, who eloped six years ago, when 16 years old, with Rev. Derek Cook, rector of St. Georges Episcopal church, returned to the home of her grandmother here yesterday with the statement that she was homesick for old friends and relatives. Cook did not accompany her, and she stayed but a short time, going to New York, where she joined the ex-communicated clergyman.

The former minister and the girl who renounced her family for his sake, came east from San Francisco, where they had been living since the elopement. Scarlet fever and diphtheria were epidemic in San Francisco at the time, and inasmuch as a child had been born to them, it was deemed expedient to come east for a short visit in order that Florence might see her relatives.

When Cook and the girl left Hempstead he deserted his wife, who was a member of a prominent family in Hartford, Conn. The elopement caused a wide sensation. Miss Whaley shortly will inherit more than \$25,000 from her father's estate, and upon the death of her grandmother, Mrs. Kaziah Whaley, she will receive about \$50,000 more. Cook has gone into the decorating business in San Francisco and prospered.

## OTHER WORKERS IDLE.

Shopmen of Railway Feel Effect of Miners' Suspension.

Philadelphia, April 4.—Active recruiting for members among the unemployed miners by the organizers of the United Mine Workers, and the announcement by the Philadelphia & Reading Railway company that workers in the shops of the company would be put on short time during the suspension, were among the features of today's developments in the anthracite coal regions.

Leaders of the mine workers condemn the attempt made at Trevorton to dynamite the home of Andrew Williams, engineer of a railway at Dunklebergers, and the blowing up of a small section of the Philadelphia & Reading track at that place.

The report that the operators might recognize a union composed exclusively of anthracite workers was widely discussed today, and it was pointed out that a similar proposition had been voted by John Mitchell at a miners' conference. It is said by the leaders that there is little likelihood of his judgment being reversed.

## ARRAIGNED IN COURT.

Lincoln, Neb., April 4.—Charles Morley and Hartford Reed were arraigned in district court this afternoon. Morley was charged with being an accessory to the murder of William Fisher Heffmann and of being the murderer of Warden Delahanty of the penitentiary, whose deaths occurred during the outbreak of three weeks ago. He pleaded not guilty to both charges. The county attorney stated that probably he would be placed on trial April 20.

## WOMEN WATCHERS.

Chicago, April 4.—Chicago's polls will be manned by women watchers at the state primary election next Tuesday. There will be a woman watcher at each of the 1,400 polling places in the city. This was made possible today when County Judge Owens directed the election commissioners to allow women watch the count of the vote on the suffrage proposition on April 9.

It will be the first time women have acted as watchers at an election in Illinois.

## WILSON IN WASHINGTON.

Washington, April 4.—Governor Wilson of New Jersey spent eight hours in the capital today in conference with friends and Democratic leaders.

Within the week Governor Harmon of Ohio and Colonel Roosevelt have paid short visits to Washington, while all of the other candidates in both parties are temporary residents of the capital.

## RESUMPTION OF WORK.

Recommendation Made by Committee of English Miners.

London, April 4.—The executive committee of miners' federation today decided to recommend a resumption of work by the miners throughout the kingdom. This recommendation will be taken under consideration at a conference of the whole federation on Saturday. The decision was reached notwithstanding the fact that in a total vote of 41,000 on the question of terminating the strike, 241,000 were against resumption and 241,000 for it.

Malcontents in various districts are arranging to hold demonstrations in protest against the executive committee's action, but taken on the whole, the decision to resume has been well received.

## GASES IN STOMACH.

POISON THE BLOOD.  
Gas forms in your stomach because the food you eat ferments and turns sour.

Allow this fermentation to go on and these gases become poisonous and the poison gets into the blood. MEO-NA stomach tablets stop the fermentation almost instantly, turn the poisonous gases into liquid, and eliminate the poison mostly through the kidneys.

If you have any stomach trouble such as gas, sourness, heaviness, flatulency, or shortness of breath, MEO-NA will give gratifying relief in five minutes.

They are sold on money back plan for acute or "chronic" indigestion, nervousness, dizziness, headaches, sleeplessness, etc. Sold by Coover & Shreve and druggists everywhere for 50 cents a box.

## THE EASTER GIFT.

Cigarette Case in Parasol Handle the Latest Fad.

## NOVELTIES FOR EASTER PRESENTS.

The up to date young woman now cares nothing about pockets. In fact, they spoil the lines of a narrow, straight tailored costume anyway. In the handle of one's parasol is set a convenient case for small cigarettes, and hidden at the back of the smolish corsage bouquet is a cunning pocket, in which are stowed the necessities of a complete vanity outfit. Both of these novelties are being offered in small shops for Easter gifts.

## A New Jabot.

The white lustrous jabot has become rather a momentous item after years of popularity, but we can hardly do without some adjunct to take its place. A substitute has been adopted which is well worth considering and is specially suitable to wear when the corsage is of soft satin to match the coat and skirt, while it is very easily adjusted. Two frills are used, but with nicely plucked out edges, the lower one being of fine white net and the other of black net of exactly the same size, which veils the under one.

These are mounted on a black velvet ribbon and are fastened in position with three handsome paste buttons. Much coquetry is shown in the choice of these buttons or studs, and mock gems are often turned to account in their manufacture. The handsomest are the little clusters of five good sized corals with a pendant drop at the end of each.

## New Veil For Easter Hat.

The shadow lace veil really has a suggestion of shadows thrown on the face, so sheer and fine is the ground mesh and so delicate the shadow pattern. This veil has a leaf and flower

## SHADOW VEILS QUEEN, BUT MODISH.

design on very thin silk mesh, and the pattern is so irregular that half of the face is in shadow. Such veils are very fashionable now and will be worn with large and small hats on Easter Sunday.

## A Basket Pincushion.

A dainty use for discarded Easter egg baskets such as children have in quantities is to turn them into pincushions.

Gold the baskets with gold paint. Two coats are usually sufficient. Stuff with wool and cover the top with colored satin, over which is stretched gold lace. Inside the edge of the cushion, concealing the sewing of the cushion, add a wreath of tiny ribbon flowers in rich colorings.

These cushions are equally lovely if the baskets are silver and silver lace is used over a color or white cushion top.

## Helpful Hint.

A good way to avoid getting the fingers busy is to have a tendency that way is to have the fingers of discarded kid gloves and keep them in the wringing dress, slipping one over the middle finger and another, if necessary, over the forefinger, when sitting down to write. This often saves time and annoyance when a note has to be written just before going out.

## A STORY OF KITCHENER.

The Disheveled Dervish Who Was Captured in the Desert.

The following incident, involving Kitchener's ability to disguise himself, was described by one who served with the Essex regiment in a campaign against the dervishes.

"I was acting corporal of the guard over a large number of 'gentlemen of the desert' whom we had taken prisoners. In the course of my rounds a captive within the tent drew my attention, and I was surprised to hear in good English the request:

"'Corporal I wish to get out of this.'"

"I of course reported the occurrence to the sergeant of the guard, only to be met with the curt reply:

"'Let the fool stay where he is.'"

"I continued my rounds and was again met with the request. Again I reported the matter, and this time the reply was as curt, but a bit stronger, so I went on my rounds again. As I passed the spot this time the voice from within said:

"'Say, corporal, you are of the Essex regiment?'"

"I answered that I was, and the prisoner said:

"'Well, tell Mr. B that I want to speak to him.'"

"'What name?' I asked.

"'Kitchener,' came the reply, and I at once reported accordingly to the sergeant.

"He immediately made for the prisoners' quarters, and I shall never forget that meeting. The disheveled 'dervish' was in reality the Lord Kitchener that was to be, who had been apparently been taken prisoner by his own troops."—London Globe.

## FAMOUS FEEDERS.

Peter the Great and Louis XIV. Had

Famously Good Appetites.

Louis XIV., le Grand Monarque, could wield a rusty knife at the banquetting board. It is related of this French ruler that "he would eat at a meat four platefuls of soup, a whole pheasant, a partridge, a plateful of salad, mutton hashed with garlic, two good sized slices of ham and a dish of pastry, finishing the repast with fruits and sweetmeats"—pretty fair for a king who, we are informed by one historian, dined in public, "and the privilege of seeing him eat was eagerly sought after." No admission was charged, as far as can be learned.

In the Bodleian library at Oxford there is preserved an innkeeper's bill for breakfast eaten at Godalming, Surrey, by Peter the Great. The czar and twenty companions managed to dispose of half a sheep, a quarter of a lamb, ten pigeons, twelve chickens, eighty-four eggs, three quarts of brandy and six quarts of mulled wine, with salad in proportion. For a little snack picked up at noon Peter and his merry crew got away with a sheep, five ribs of beef, three-quarters of a lamb, fourteen pullets, fourteen rabbits and a great quantity of brandy and wine. Peter's taste in tipple ran to brandy and hot pepper, a harmless devotion for a copper riveted throat and armor plate stomach.

## His Title to Fame.

There is a big hearted man editing a paper in Iowa who ever tries to say something eulogistic about every citizen of his town both during the subject's life and at his death. On one occasion he was much perplexed to know what to say in the case of a man, a resident of the town for many years and an excellent citizen. For the life of him the editor could think of nothing that his friend had done to entitle him to distinction. The following was the one fact that the writer could produce from the recesses of his memory as a climax for the eulogy that appeared in the paper:

"Mr. Jones was once prominently mentioned for the nomination as alternate delegate for the annual convocation of the Order of the Sons of America."—Harper's Magazine.

## Spider Tigers.

The lycosae are tigers among spiders, and when the eggs are inclosed in their sac they attach the precious parcel to the abdomen and carry it about with them. During the season of maternity they are exceedingly fierce and consider any evidence of curiosity on the part of an observer as a direct challenge to attack. When the young are hatched they swarm out over the mother, and she carries them about with her for several days. So voracious is their appetite that she frequently falls a victim to it, for it is said, they have no compunction whatever in devouring her.

## Curious Bread Law.

There is a provision in the British bread acts of 1822 and 1836, which are still in force, to the effect that "every person who shall make for sale or sell or expose for sale any bread made wholly or partially of peas or beans or potatoes or of any sort of corn or grain other than wheat shall cause all such bread to be marked with a large Roman 'M.'"

## START WAR ON COMMERCIALIZED VICE.

The state convention, to be held at Macomb, Ill., April 14-16, promises an important contribution to the agitation against social immorality and the traffic in woman's honor.

The program embraces every phase of the subject and will be sustained by some of the most students of the great problem, from the various aspects of Morals, Economics, Legislation, Hygiene and Education.

Dr. Winfield Scott Hall of Chicago and Dr. Erling Savage of Bloomington will discuss Hygiene. Attorney W. T. Malphill of Chicago will define the Injunction Bill against houses of ill-fame, and educational views will be presented by Professors Galloway of Decatur and Gault of Elmhurst. E. K. Mohr of the International Sunday School association will urge the need of teaching youth. Other departments will be presented by Rev. Dr. Dayton, Chicago; Rev. John R. Golden, Springfield; Rev. T. R. Quayle, Lake Forest; Rev. Alce Phillips Aldrich, Chicago; Rabbi Messing, Bloomington; John R. Caldwell, Prof. Arthur B. Hirsch, Hon. J. C. Richardson, Hon. J. H. Alexander, Arthur Burrage Farwell, president, and Rev. William Burgess, secretary, of the Vigilance association.

Cardinal Gibbons, in excusing himself from attending, on the ground of heavy duties and increasing years, says: "I must be content with sending you my best wishes for good results in correcting vice by spreading Christian ideas more and more widely."

The convention is called by the Illinois Vigilance association and is signed by a ninety-four persons from all parts of the state.

The venerable John Wingler of the east part of the county managed to walk to the city yesterday, though he found it somewhat muddy.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Neutrogen's Hair Tonic.

Frank Campbell, a wealthy blacksmith, of Chicago, bought a bottle of Neutrogen's Hair Tonic, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. In July 2nd writes, "and today my hair is as thick and luxuriant as any one could wish." Neutrogen's Hair Tonic works on an old principle and with a new discovery. It cures the cause and you remove the effect. Neutrogen's Hair Tonic cures dandruff, falling hair, and finally baldness, so that with the cure the effect cannot remain. Neutrogen's Hair Tonic is a new, powerful, secret, safe, by leading druggists. Send the name of your sample to the Neutrogen Co., Detroit, Mich. **HAIR HEALTH.**  
 If You Have Scalp or Hair Trouble, Accept This Offer.  
 When we promise you money back for the more asking if Revell's Hair Tonic does not do as we claim it will, you certainly have no reason for even hesitating to try it. We do not ask you to challenge yourself in any way.  
 We could not afford to so strongly endorse Revell's Hair Tonic and continue to sell it as we do, if it did not do all we claim. Should our enthusiasm carry us away, and Revell's Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our arguments, and in consequence our business prestige would suffer.  
 Therefore, when we assure you that Revell's Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness, you may rest assured we know what we are talking about.  
 We honestly believe that Revell's Hair Tonic will do more than any other hair tonic, toward restoring hair growth and hair health. It is not greasy and will not ruin the scalp or hair or cause permanent stain. It is as pleasant to use as pure cold water. It comes in two sizes, price 50 cents and \$1.00. Remember, you can obtain it only at our store, The Rexall Store, Lee P. Allen, east side square.

"The voters of Illinois have the greatest opportunity since the war to select the right men for Governor and United States Senator in Jones and Magill."—Johet News.

**THE PROGRESSIVE FIGHT IS ON IN ILLINOIS.**  
 It is an contest to return to the people the power to govern themselves as was intended by the fathers of the republic.

The leaders of the progressive cause in Illinois are Jones and Magill, candidates within the Republican party for Governor and United States Senator.

They propose with Roosevelt that the initiative, referendum and recall, direct election of United States Senators, direct primaries, Government control of the railroads, conservation of natural resources, be applied as remedies for the evils, and stand for constructive legislation that will solve the most problems and other questions.

**THE PEOPLE'S CHANCE.**  
 The primary next Tuesday will be the first real opportunity the people of Illinois have been given to go on record against special privileges and corruption, and to place their stamp of approval upon the constructive policies outlined by the progressives in the Republican party. They can like advantage of this by voting for the progressive candidates, Walter C. Jones, whose name appears sixth in the list under the head of Governor, and Hugh S. Magill, for United States Senator, whose name is at the top of the list.

The selection of Walter Clyde Jones for Governor will mean an earnest champion of the people's rights at Springfield.  
 Senator Magill, if elected United States Senator, will be one more fighting man at Washington for those policies for the protection of the people's interests, advocated by Roosevelt, and an opponent of the Aldrich-Cannon-Penrose combination in Congress.

## Of Course You Will Have a Garden

What is home without a garden? Gardening is a pleasure enjoyed alike by the rich and the poor. It is a health-giving exercise that clears the brain and brings out our best thoughts.

Vegetables that are "out of our own garden" always taste better than any we can buy.

Good tools remove the drudgery and increase the interest. A garden plow is a real help. A hoe that is just right, and other tools that fit, make gardening one of the world's best pastimes.

Not many tools are required but they should be the best.

## William J. Butler

Candidate for the Republican Nomination for the Legislature in the 45th Senatorial District

### REPUBLICAN VOTERS OF SANGAMON AND MORGAN COUNTIES:

In soliciting your votes on an explicit platform, some plank of which you may differ with, I would suggest that in the end you can better afford to support a candidate who has a clear defined platform, though differing with him in part, than you can support a candidate who straddles, and, while appearing to agree with you, is at the same time agreeing with those who hold opposite views.

A straddle is usually the first symptom of a grafter, and a nonentity, and a nonentity stands for nothing, and nothing accomplishes nothing. In taking a stand on some and announcing my willingness to take a stand on all important questions, I am not unmindful that the past discloses that often the most successful candidate for nomination and election is the candidate that on the quiet can deceive the largest number of opposing interests, and make the most promises to the greatest number of people.

In this connection allow me to remind you that popularity obtained by the straddling type of candidate before election is usually the measure of his popularity after election. And, he who stood out no quiet with everybody before election, usually stands on the spot for himself only after election.

I believe it is better to have a position when you are willing to change when wrong than to be stopped forever from being right, because of being afraid of being wrong, and not having the courage to change.

### MY PLATFORM IS:

FIRST, I am against any state appropriations for deep waterway until its success is proven by national aid.

I believe the \$20,000,000 authorized by the people for a deep waterway would render ten times the benefit expended in a net work of hard roads all over the state, but am opposed to any action until the matter is again submitted to the people.

SECOND, I am for the principle of local option, and firmly believe that each locality should have control of the conditions that exist in that locality.

THIRD, I am against county option for the very reason that I am for local option—for county option is not local option, but means that one locality shall control another, and, that, instead of each locality controlling its own affairs, it means that the affairs of one locality shall be controlled by a locality to which it is a stranger.

FOURTH, I am for "partisan efficiency service," and against inefficient service. I am for an ever rising standard of efficiency, and believe the life of progress is the infusion of new blood and rotation, and not the exclusion of new blood and stagnation.

Any system that creates a class holding office for life, must, in time, result in inefficiency through dry rot. To civil service as it now exists, must follow in a few years a pension list—for, if you are to retain people in office until they are helpless, you are obliged to support them until they are dead. Besides this, you create an office holding aristocracy, are rogued through protection, and out of touch by exclusion from the people they serve.

I believe rotation in office, in the long run, is the best education of the people. I believe it more frequently fixes the attention of the people on what is going on, and who is filling the office. Because it familiarizes the people with the various services necessary to run the government, I would strongly uphold civil service within the parties, requiring any appointment to prove by proper tests his efficiency to perform his duties. But I am against taking from the head of any department, who is responsible for the duties of his office, the appointive or more properly, the nominating power of who shall serve under him. It would be strange to arrange to recall judges and make all appointive offices for life.

FIFTH, I am for that part of the present primary law that protects from fraud an expression of the will of the people by ballot. But I am against the plurality feature of the present primary law.

I am against it because it substitutes minority rule for the will of the majority. I am against it because it destroys party government, and substitutes bi-partisan government. I am against it because it destroys party discipline.

You cannot condemn the old primary methods for what was produced. And, by destroying party discipline, it has, and will again, proceed under them, unless you condemn the present primary for what it produces men like White, Holtzclaw, Beck, Meyer and Link.

Under the present law you cannot get a party caucus; under the old system, you could not break one.

I am against it because it is based on the principle that the people are to be trusted to meet together.

I am against it because the proposition that there is no one to be found honest enough to represent the people, is equivalent to the assertion that there are no honest people.

I am against it because it is drawn to take advantage of the difficulty of the majority expressing itself quickly when widely separated, geographically, and of substituting the rule of an organized minority for the rule of the majority.

I am against it because it is a concealed plan to substitute newspaper government for government by parties.

I am for a primary law that not only protects the ballot, but also protects majority rule and party government.

SIXTH, I believe in a corrupt practice act, that will protect the able and honest candidate against the unscrupulous and rich candidate. The present primary has made one necessary.

A law that will measure popularity, for office by fitness, and not by wealth. A law that nominates by votes, and not by dollars.

A law making a penalty for ex-officio seeking to hold office by traffic in patronage, and for wealthy individuals who are votes through others, the same as those who exchange the dollar for the vote.

SEVENTH, I am unalterably for the rule of the majority and will support for United States Senator who ever gets the majority vote.

I have been unjustly abused and misrepresented by the "partisan press" in the past that I feel I should voice a warning against criticism born in venom, created without foundation, and uncorrected, for I ask you, in judging newspaper abuse in the past, not to keep in mind the past, and to remember that those papers which have praised my opponent were elected before he went out of office, recalled their praise and transferred their abuse to me, thus utterly discrediting themselves as a teller of the truth, a prophet of the future, or a judge of candidates. I was a member of the legislature and materially helped in securing the first appropriation of \$225,000 which permanently anchored the State Fair in Sangamon County.

I have served in the legislature and in several executive public offices requiring honesty and ability, and have made good.

## LINCOLN OPPOSED RECALL DOCTRINE

Martyr Stood for Independence of American Judges.

IS ON RECORD IN SPRINGFIELD

Emancipator Voiced Protest Against Tampering with Judiciary—Said It Violated Principles of a Free Government.

Abraham Lincoln, Illinois' most honored and revered son, the man among men at a time when the nation needed him the most, is on record irrevocably and unalterably opposed to the doctrine of the recall of judges and of judicial decisions as advocated now by Theodore Roosevelt.

Colonel Roosevelt in all of his recent speeches has been fit to refer to time and again to Lincoln. Indeed, Roosevelt would have the people believe that he has taken the martyred President as his model and that the Rooseveltian doctrine of 1912 are those that Lincoln might have pronounced.

These repeated references to Lincoln and the obvious attempt of Roosevelt to impress upon the minds of the people that Lincoln and the memory of that great man are his guides and his mentors today have caused a number of graduates of the life of the man from Springfield to delve deep into the pages of history.

And, in the life of Lincoln as written by his two private secretaries, Nicolay and Hay, the most authentic and the recognized history of Lincoln's life, George C. King, a lawyer of Chicago, member of the firm of Parker & King, has found where Lincoln was directly opposed to any tampering with our courts and to the recall of any judge who sits on the bench.

### Story of a Quarrel.

Here is the story that led up to the decisive and unmistakable stand that Lincoln took on that question:

In the winter of 1846-47 there occurred the first clash between Lincoln and Stephen A. Douglas. One of the questions of the day in Illinois at that time was whether or not the state constitution, which made voters of all white male inhabitants of six months' residence in the state, meant to include aliens in that category. The aliens were nearly all Democrats; the Democrats insisted on their voting; the Whigs objected. The case went to the Supreme Court of Illinois.

Judge Smith was one of the Supreme Court justices. He was a Democrat. Judge Smith told Douglas that a majority of the court would decide against the aliens. He also told Douglas that there were alien immigrants in the record by which the case might be thrown over to the next term of court and the alien vote saved for the Democrats. This was done. Then Douglas, the legislator was Democratic by a large majority had a bill passed "reforming the judiciary." The circuit judges were thrown out of office and five new judges were added to the Supreme court.

### Quoting from the Life of Lincoln:

Protest Was Useless.

"It was useless for the Whigs to try to prevent this degradation of the bench. There was no resource but a protest, and here again Lincoln uttered the voice of the conscience of the party. He was joined on this occasion by Edward D. Baker and some others, who protested against the act because:

"First, it violated the principles of free government by subjecting the judiciary to the legislature.

"Second, it was a fatal blow at the independence of judges and the constitutional term of their offices.

"Third, it was a measure not asked for or wished for by the people.

"Fourth, it will greatly increase the expense of our courts or else will greatly diminish their utility.

"Fifth, it will give our courts a political and partisan character, thereby impairing public confidence in their decisions."

"This proves conclusively," said Mr. King, "that Lincoln was unalterably opposed to any recall of judges or of tampering in any way with the independence of our courts. Perhaps Colonel Roosevelt does not know this."

### "HANDS OFF"—LINCOLN.

Illinois' Favored Son Against Touching the Constitution.

"I wish now to submit a few remarks on the general proposition of amending the constitution. As a general rule I think we should be much better to let it alone. No slight occasion should tempt us to change it. Better, rather, habituate ourselves to think of it as unalterable. It can scarcely be made better than it is. New provisions would introduce new difficulties, and thus create an increased appetite for further change. No, sir, let it stand as it is. New hands have never touched it. The men who made it have done their work and have passed away. Who shall improve on what they did?" From a speech made by Abraham Lincoln in the National House of Representatives, June 25, 1848.

## Woman's World

Isabel Gordon Curtis, Author of "The Woman From Wolverton."

MRS. ISABEL GORDON CURTIS.

Among the story writers of today are a group of women who graduated not from a college, but from new paper ranks. One of these is Isabel Gordon Curtis. Twenty years ago she was doing the dramatic on a newspaper in Springfield, Mass. Later she took up magazine work, and recently her literary activities have taken book form, the result being a delightful story, "The Woman From Wolverton," which has been pronounced by critics "typically American." It deals with the social experience of congressional people.

The local color and material for this story were gathered on the spot by Mrs. Curtis, who is the wife of Francis Curtis, director of the Republican literary bureau, and during a long residence at the national capital Mrs. Curtis has had a chance to become intimately acquainted with congressional families.

"That she knows her Washington well may be gleaned from a very characteristic remark made by the heroine of the story, who says: 'If you wish to locate lost relatives or friends you have not heard of for years and incidentally learn something of human nature, become a householder in Washington before inauguration. Any inauguration will do.'"

Mrs. Curtis is a Scotchwoman, having been born and educated in Huntly, a little town in Aberdeenshire made famous by the Scottish romances of George MacDonald.

### Positions For the Untrained.

A great problem is that of supplying girls and women of good birth, manners and education with an independent and honorable career. Unfortunately many applicants remain vague and unpractical as to the nature of the work required.

Now, the profession of governess and social secretary are posts which can be held only by highly educated, cultured women.

And it is hard to see what hope can be held out by the professional adviser to applicants of whom the following are typical: A girl, pleasing enough in appearance, says she wants work. Asked to be definite, she looks bewildered and then, thinking she has found the solution, replies with enthusiasm, "I am willing to do anything." Further questions elicit that she knows no French, no German, no typewriting or shorthand, nothing of account, does not like cooking or needlework, but can arrange flowers, act in amateur theatricals—in which she has been greatly admired, can play the piano a little and considers herself eminently suitable to travel abroad as companion to a new girl of her own age, who must be prepared to pay well for the privilege. She goes away quite horrified that there is no immediate demand for such services as she can offer.

An elderly applicant for a similar post described her principal qualification as "a willingness to speak English to girls going abroad." Women of sixty of eccentric appearance want posts as housekeepers to widowers and are willing to do anything, from educating the children to entertaining the guests.

It should be impressed on women looking for definite work that definite qualifications are called for. A girl who is healthy and good at games, such as golf and tennis, if she has a command of fluent French or German, will be snapped up at once, as will the girl with a degree, no matter how genteel her manners. It is the age of proficiency in everything.

### Home Gardening.

The outfit for the home growing of plants from seeds and cuttings consists of "flats," which are small wooden boxes of any convenient size, but not over three nor less than two and a half inches deep, says Harper's Bazar. A canned goods or dried fruit box sawed off three inches from the bottom will make a good one. Bore six holes in the bottom for drainage. Buy as many two inch pots as you will need plants. These cost 5 cents a hundred. Also buy as many four inch pots as you will need for plants you intend to have grow on for winter blooming. These cost 18 cents a dozen. You will need, too, a trowel, ruler or straightedge and a sheet of glass or white cloth the size of the flat.

### Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is usually a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

### DEFENDED JUDICIARY

Congressman Gardner Takes Issue  
With Doctrine of Recall of  
Judges.

Washington, April 4.—Representative Gardner of Massachusetts, defended the judiciary in a speech in the house today and took issue with the doctrine of the recall of judges. The agitation in favor of that doctrine, he declared, was the "artificial creation of the demagogue."

"One of the leaders of the Republican Progressive league has said that a firm belief in the recall of judges by the people is true test of a progressive," said Mr. Gardner. "I dispute an analysis determined by any such test. I deny the application of the doctrine of the recall of judges to the judiciary and in its place I offer a truer maxim."

"A firm belief in the foundation of the federal constitution is the rock from which the federal reformer decries the radical destroyer."

Mr. Gardner declared that impartial and exact justice might be only expected from a judiciary appointed for life. He read a Socialist editorial commenting upon the adoption of the recall in California at the recent election and declaring that it would enable the people to turn out the "capitalist" judges and save the McNamara brothers by putting in place of the judges "men who could be counted upon."

### PROTEST MADE

Porto Ricans Appear Before Senate  
Committee—Free Sugar Will  
Throw Island Into Pauperism.

Washington, April 4.—Headed by Secretary of War Stimson, who acted as spokesman and introduced them to the committee, the members of the commission appointed by the Porto Rican government to appear before the senate finance committee to protest against the house free sugar bill, were heard by the committee today.

Secretary Stimson told the committee that the free sugar bill would cripple the coffee industry of the island, because it could no longer find a market in Cuba.

Carlos McCormick and Antonio Alaride, representing the Sugar Producers' Association of Porto Rico, followed Secretary Stimson.

Mr. McCormick said the passage of the bill would throw the island into a state of pauperism and mean a return to the life of misery that existed during the Spanish regime.

"Even when the free sugar bill passed the house," he said, "there was a silent panic in the banks of Porto Rico. We are part and parcel of the United States, and entitled to American protection."

The witnesses denied that free sugar would mean a saving of two cents a pound to the consumer. They de-

clared that Russia now had stored away 2,000,000 tons of sugar and was waiting for the ports of the United States to be opened to dump it upon the American market.

They declared that would benefit the "sugar trust" instead of the consumer.

### WILL SET AT REST RUMORS.

Japan Invasion Story to Be Answered  
by President Taft.

Washington, April 4.—President Taft's answer to the Lodge resolution calling for information as to the reported establishment by Japan of a naval base on Magdalena Bay in Mexico is designed to set at rest the constant rumors of Japanese colonization in North America and will be a distinct blow at the suggestion of a war with Japan.

The president's answer probably will be sent to the senate tomorrow. Although it is denied to night that Senator Lodge was acting in sympathy with the administration, it was admitted that the president will make use of his resolution to set at rest recurrent reports of friction with a friendly power.

Chairman Salzer of the house foreign affairs committee, after a talk with President Taft to day declared the Lodge resolution was "the merest puncheon," and that Japan had acquired no rights for a naval station from Mexico.

Huntington Wilson, acting secretary of state had a short conference with the president about the reply to the resolution. It became known that an answer would be lacking in sensational features and at the state department it was said that the response would tend generally to discredit reports of Japanese designs on Mexican territory.

### GEN. CAREY DEAD.

Orlando, Fla., April 4.—Brig. Gen. A. H. Carey, U. S. A., retired, died at his winter home here this afternoon. He was paymaster general of the army during the Spanish-American war.

### MISS MERCY'S SUIT.

Chicago, April 4.—Arguments in the \$100,000 damage suit of Miss Esther Mercy against Miss Marion Talbot, dean of women at the University of Chicago, for alleged slander, centered today on the complainant's character. Counsel for Miss Talbot contended, in closing remarks to the jury, that Miss Mercy had lied on the witness stand and misled the jury.

Miss Mercy's attorney accused opposing counsel of attempting to blacken the complainant's character.

The arguments were longer than they had been expected to be. It is probable the case will not reach the jury before tomorrow evening.

J. A. Puga of Paris, Mo., was in the city yesterday. Mr. Puga was raised at Waverly and at one time was in the shoe business in that town but for the past few years has been on a farm in Missouri and reports farm work very backward in that section.

Oscar Harmon of Franklin paid the city a visit yesterday.

### MAYOR SAYS NO

Rock Island Official Refuses to Allow  
Political Meetings to Be Held Until  
After Next Tuesday.

Rock Island, April 4.—Carrying out his purpose to prohibit any political meetings until after the primaries next Tuesday, Mayor H. M. Schriver today notified a committee of arrangements for Governor Woodrow Wilson's reception next Saturday that no demonstration would be allowed and that Governor Wilson would not be permitted to make an address.

Mayor Schriver said this was necessary to prevent a possible demonstration like that of a week ago, when two persons were killed and several injured.

A dozen witnesses testified today before the special grand jury which is investigating the rioting. Postoffice Inspector Ansler, detailed to report on the character of matter published in the local newspaper, of which John Looney is editor, was expected to arrive tonight. Later he will go to Springfield to determine with federal authorities whether action shall be taken concerning charges made by Mayor Schriver.

Looney is still confined in a hospital as a result of wounds received at the hands of Mayor Schriver.

### EXPORTATION ALLOWED.

Washington, April 4.—President Taft today authorized the exportation from the United States to Mexico of two big shipments of munitions of war—consignments to the forces of President Madero. These include two machine guns, other arms and ammunition, horses and blankets. The president today also gave permission for the exportation of a quantity of dynamite for a mining company in Mexico.

### SCORNS MONEY OFFER.

Allen Kinsman Refuses to Tell  
Whereabouts of Outlaws.

Hillsville, Va., April 4.—Another day's pursuit of the court house assassins still at large had brought no news of success from the posse late tonight.

Jordan Edwards, one of the Allen Kinsman, arrested yesterday charged with giving aid to Sidna Allen and Wesley Edwards, the only outlaws of the band who have not been taken, got a grilling at the hands of the detectives today, in the hope that he might tell the whereabouts of his kinsmen. The mountaineer did not betray them. He scorned an offer that the \$1,500 offered for the men should be his if he gave them up.

### CONVENTION DEADLOCKED.

Waterloo, Ia., April 4.—Republicans of the third congressional district in convention here today developed a stubborn factional fight. During the entire afternoon of balloting the convention was equally divided between progressives and regulars, each to select two delegates to the Chicago convention.

They recessed at 6 o'clock to convene at 7:30. At the night session fifteen ballots were taken without result and it is probable they will adjourn until tomorrow.

### BILL FOR RECEIVER.

Chicago, April 4.—A bill asking that a receiver be appointed for the Standard Alcohol company, incorporated in Maine, as the successor of the Wood Waste Products company, incorporated in Illinois with a capital stock of \$500,000, was filed in the court today. Stockholders charge mismanagement in the control of patents.

Miss Carrie Campbell residing seven miles west, was in the city yesterday.

## REO REO REO

From the design of the engine to the final test of the complete car—every step of Reo manufacture takes place in one great factory. Every detail is watched and tested. Each material is proved strong as well as careful test can prove it. The same painstaking care and thoroughness is carried on down to the pattern making, the moulding of iron, aluminum, brass and bronze castings and the making of special tools, jigs and fixtures for the manufacture of parts. See this car and you will wonder how such a good car can be sold for so little amount of money.
